

Year 1 and 2 – Spring Term

What's Through the Door? and Inventors

Over the Spring Term, we will be using stories set in mysterious locations to write and create our own fantasy stories; use drawing skills to create our own illustrations of birds and become cartographers creating our own maps of the Whyke Oval. After the half term break, we will become inventors and research historical figures. Finishing with a visit to the local care home where we will share our favourite inventions and ask the residents what their favourite inventions have been.

Reading and Writing

Little Evie in the Wild Wood
Traction Man is Here
